📍 based in London, UK

Junior architecture enthusiast eager to share my computational design skills and construction knowledge within your innovative practice

EDUCATION

- ▶ Master of Architecture. M.Arch — LOCI Saint-Luc / Université Catholique de Louvain (UCL), Brussels, Belgium Sep 2014 - Jun 2016
Thesis : Responsive Envelope in Architecture | Elective : Wood in Architecture
- ▶ International master exchange program — McGill Architecture School, Montréal, Canada S1 - 2015
- ▶ Bachelor of Architecture. B.Arch — LOCI Saint-Luc / Université Catholique de Louvain (UCL), Brussels, Belgium Sep 2011 - Jun 2014
- ▶ Solvay Business School — Université Libre de Bruxelles (ULB), Brussels, Belgium Sep 2010 - Jun 2011

SKILLS

- ▶ Proficiency in all major conception 2d and 3d softwares - Rhino & Grasshopper, Revit, AutoCAD, etc.
- ▶ Well versed in post-production of graphics and text composing - V-Ray, Ps, Ai, Id, Ae, Premiere, etc.
- ▶ Physical model making in all media and scales, including digital fabrication and responsive mockups
- ▶ Deep interest in new technologies, web and parametric design
- ▶ Languages : English, French, Italian, Dutch

EXPERIENCE

LABORATORY FOR EXPLORATIVE ARCHITECTURE & DESIGN (LEAD) - Architectural designer

Apr 2017 - Present

Joined LEAD's dynamic team in Hong Kong to participate in the design development and drawing packages of a 1 km-long nonstandard mixed-use building facade design and to develop competition projects.

Three significant projects:

- ▶ K11 Art Mall - Façade systems, balconies, skylights and atria - Rhino & GH(Python) & Revit - 50.000m²
- ▶ Seoul Creative Play - Mixed-use professional & community building for theatre performances - 8.000m²
- ▶ WKCD Pavilion - hyper light-weight temporary structure with unique architectural potentials - 243 m²

KYOTEC GROUP - HONG KONG - QA/QC supervisor

Sep 2016 - Mar 2017

Joined the international team of the free-form façade's contractor - Kyotec Group - on Morpheus Hotel Tower, the new premier landmark hotel of City of Dreams in Macau designed by Zaha Hadid Architects. From concrete aspects of big works through fine detailing of façade elements, this thrilling on-site experience threw me in, literally. It brought me a lot about construction know-how, design stages and the importance of fine detailing. Combining these assets makes me well-versed to take up amazing projects yet to come.

- ▶ Participated in detail phase with architects, engineers, client and contractors
- ▶ Ensured proper production - factory visit - delivery - installation quality and progress
- ▶ Developed 3d method statements for several installation stages (hatches, high skew elements, glass,...)
- ▶ Close monitoring / forecasting of sub-contractors' manpower and budgets

GREENARCH architecture+environment - Architectural Assistant

Feb 2016 - Jun 2016

Jul 2014 - Aug 2014

Worked for a range of local commissions and international competitions, including multi-unit residential projects, embassies, museum, law headquarters. Work was conducted on all design stages, from sketch and 3d rendering to building permit and construction document.

- ▶ Participated in the winning competition of Latham&Watkins law firm headquarters in Brussels, Belgium
- ▶ Produced environmental reports and 3d renderings for multi-unit residential extensions in Brussels, Belgium

ArchArch.be - Founder

Sep 2013 - Jun 2017

Created the sharing platform for architecture students in Belgium. Six architecture faculties joined the movement with more than 250+ projects from first to last year. This online exhibition hall is the only one of its kind with more than 200k page views from 50k single users over 4 years.

EXTRA CURRICULAR

Lab-ISTANBUL - Web designer

Aug 2015 - Jun 2017

Worked for the Université Catholique de Louvain (UCL) on two architecture workshops in collaboration with Europalia Arts Festival Turkey and China. Through these websites, student drawings, mappings, transepts, urbanism and architecture projects are brought into a powerful communication tool.
